Dear

I would like to acknowledge, on behalf of the J.C.S. Working Party on Ground Photographic Equipment Standardization, your kind invitation to hold a meeting at your New York facility.

The delay in responding has been due to the fact that our meetings are held only quarterly and your invitation was just introduced at the last meeting.

Inasmuch as the meeting place for our next gathering had been selected, the decision to accept your offer was deferred until the fall session. We hope that we can still consider your invitation active at that time. Incidentally, considerable interest in the prospect of a visit to [redacted] was shown during the discussion.

We appreciate the offer and desire to have the opportunity to schedule a visit to [redacted] in the near future.

Very truly yours,

Arthur C. Lundahl
